DM15D

- Single / Double Station Automatic Servo Blow Molding Machine from 1L-15L With Auto Deflashing
- Servo hydraulic system (REXROTH or DAIKIN)
- B&R control including 100 Points WDS
- High Production

• LDPE WATER BAG MOULD

DM30D

- 15L-30L Single & Double station Fully Automatic Servo Blow Molding machine with Deflashing & Post cooling;
- Servo hydraulic system (REXROTH / DAIKIN)
- Auto Lubrication
- B&R control, including 100 Points WDS

DM260

- 220L Single / Double Ring drum Servo Blow Molding Machine
- Single / Double / Three layer Available
- Servo Hydraulic system (DAIKIN)
- B&R control including 100 Points WDS

工业冷水机（风冷式） Industry Air-cooled chiller

Widely used in injection molding, pressure casting, roll wheel, rubber, welding and other fields.

模具温度控制机（油/水式） Mold temperature controller (oil/water type)

PID high precision temperature control, energy-saving insulation design

螺杆式冷水机 Screw type chiller

This series of machine can be used in injection molding, rubber and plastic, extrusion, plating, molding, leather, laser, printing, liquid pressure, chemical, machine main roller and other supporting equipment cooling. Main parts are visible on the outside, easy to repair, maintenance, etc.

冷热一体机 Hot and cold machine

5°C to 98°C temperature range, Multipath temperature control can be carried out at the same time.

除湿干燥机 Dehumidification dryer

Dehumidifying, drying and conveying (primary and secondary) three functions are combined into One, low dew point (-40°C) especially suitable for precision molding production.

冷风机 Air cooler

Applications include: workpiece cooling, cooling - tunnel, laser, chemical, electroplating, oxidation, precision instrument, printing ink, printing, paper, metal, casting, injection molding, blister cooling, medicine industry, food industry, electricity circuit board, wave soldering, reflow soldering, spatial processing, welding cutting, surface treatment, glass, scale, jewelry processing, leather, farming

粉碎机 Crusher

Large capacity, Application widely, strong crushing all kinds of bad products and the gate of material.

螺杆风冷式冷水机 Screw air-cooled chiller

1. Adopt international famous brand semi-hermetic screw compressor, low noise, super cooling
2. Adopt efficient rolling teeth not welded inside screw heat exchange tubes of evaporator, efficient conduction
3. The top row of side suction type finned radiator, low noise fan, strong wind, good heat exchange effect, low noise.

About LookingPlas

BACK COVER LookingPlas

LookingPlas.com

The Platform & Source to Plastic Industry

Focus on Plastic Industry

LookingPlas has three main categories:

- Plastic Machinery
- Mould & Dies
- Raw Materials & Additives

Accurate Matching

Professional sourcing consultants in plastic industry will match your detailed product requirements to manufacturers.

Quick Feedback

LookingPlas arrange both online and offline customer service to meet global buyers. Supply one-stop sourcing solutions to different requirements.

Zhangjiagang AiBiM Machinery Co.,Ltd located in the golden mile of Yangtze River delta,only 100km to Shanghai.With more than twenty years experience in manufacturing plastic machines.we are professional in making injection blow molding machine & blow molding machine&mould.

Our machine is suitable for general material PE PP PVC PETG PCTG PS EVA EVOH ABS TPV etc.with volume 5ml-3000L,Such as bottles,pot,toolkit package,automobile special-shaped hollow parts,medical apparatus and instruments,traffic facilities,large desktop edition,large pallet etc.Our machine received high praise by customer.All through these years,we have already exported many machines all over the world.If you can send the sample or drawing(including the output you required),we will choose the suitable machine for you.

HAIJIANG MACHINERY MANUFACTURING CORPORATION

Company Profile

Ningbo Haijiang Machinery Manufacturing Co., Ltd. - One of professional manufacturer for plastic injection molding machine from Ningbo, China. Have standard, injection blow, clear/mix color, BMC thermosetting injection molding machine etc. Factory started from year 1992, have more than 30 sales agent all over the world. Machine range shot weight: from 45grams to 40000grams, clamping force from 200KN to 30000KN. Machine series HJK/HJF have been sold all over the world, got many long time cooperation's clients. Set up agent in Russia, Brazil, Pakistan, Turkey, Iran, American, Nigeria etc. Provide professional and intimate service to local customer in related country. Provide customization machine as clients' required. Based on different plastic products, raw material and mould cavities.

Shantou HJKTECH Machinery Co., Ltd. specializing in **plastic sheet extrusion line**, is a innovative enterprise with a group of outstanding experts who have more than 10 years of R&D experience. We have comprehensive advantages of rich human resource and technical standards. Advocating the development concept of "Making friends, Tasting life, Science creating", we always pay attention to new trend of the international development, focusing on the new trend of the future. Constantly introducing, learning, absorbing and mixing new technology with scientific development view, We try our best to enable our products more and more worldwide, customized, integrated and eco-friendly.

13 Years

Professional manufacturer of plastic pulverizer machine

Pulverizing Systems

Application: LLDPE, LDPE, HDPE, PP, EVA, rigid PVC, rubber, PA, ABS, PC and so on

Base section

Cryogenic pulverizers for temperature-sensitive materials

Use liquid nitrogen to cool the input material before and/or during the grinding process. The extremely low temperature prevents melting of materials with a low melting point and leads to finer grains.

XH PET PVC WASHING PRODUCTION LINE

XH PET PVC 洗料生产线

- 不锈钢自动生产料生产线PVC、PET等各种再生料破碎清洗、干燥、包装等工艺
- 设计精巧耐用，操作方便，清洗效率高
- 材料采用不锈钢
- 操作方便，自动送料节省工人，提高了工作效率，节约成本
- Stainless steel automatic reproduction material production line PVC, PET and other renewable materials crushing, cleaning, drying, packaging and other processes.
- The design is exquisite and durable, easy to operate, and cleans debris and other debris.
- The material is made of stainless steel.
- Easy to operate, automatic washing saves labor, improves work efficiency and saves costs.

技术参数 PARAMETERS

破碎机型号 Crusher model	破碎机进口 Crusher input	破碎机筒体直径 Crusher diameter and height	产量/小时 Production / hour
680	710	Φ450*2450	600-800kg
800	830	Φ450*2900	700-1200kg

LC SERIES VERTICAL MIXER

LC系列立式混料机

- 立式设计：操作方便，维护方便
- 容量可选：容量1-12吨机型供客户选择，最大可定制30吨容量
- 清理容易：不锈钢制造，易清理，不生锈
- 混合均匀：搅拌速度快，能确保每一批物料的一致
- 节省成本：具有投资小见效快，占地少省人工，效益高等优点
- 可以订做：可根据客户现场高度要求定制制作
- 材料可选：亦可采用碳钢材料生产，降低成本

- Vertical design: easy to operate and easy to maintain.
- Capacity optional: standing 1-12 ton models for customers to choose, the maximum can be customized 30 tons capacity.
- Easy to clean: Made of stainless steel, easy to clean, no rust.
- Mix evenly: the mixing speed is fast, which ensures the consistency of each batch of materials.
- Cost-saving: It has the advantages of small investment, quick effect, small land occupation, high efficiency and so on.
- Can be customized: can be produced on-site according to the height of the customer's workshop.
- Optional material: It can also be produced from carbon steel to reduce costs.

技术参数 PARAMETERS

型号 Model	容量 Capacity	电机功率 Motor Power	电压 Voltage	容量 Capacity	外形尺寸 Dimensions (mm)	使用材料 Material
LC-500	0.5T	2.2KW-6	380V	0.5T	Φ1200*2350	不锈钢 Stainless steel

高效节能加热圈

High-efficiency energy saving heater

1. Save energy 30%-70% for plastic products manufacture. Reduce the producing cost , and improve at least more than 10% net profit
2. The surface temperature is lower than 70℃. Lower the ambient temperature, improve the workshop environment ,More easy to get workers
3. Heating fast ,came to 1000℃ within 1 minute, keep 800℃ in the long term
4. Adopts snap-on quick installation, can directly replaces the original heating ring.
5. Free energy-saving renovation program, 2 years warranty, pre-sales service
6. Leading the development of real tube replacement repair technology, replacement within 10 minutes, no need to return to the factory for repair

平双远红外加热器

Right angle energy saving heater

高效节能料斗干燥机

High-Efficient Energy-Saving Hopper

1. SUS Body, Sturdy and durable, long life

2. Intelligent temperature controller, Temperature control precision, Save energy intelligently, High drying efficiency

3. Insulation with whole machine, save energy 40%, the surface is lower than 40 ° C.

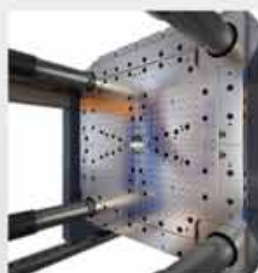

4. Direct replacement, direct replace original hopper

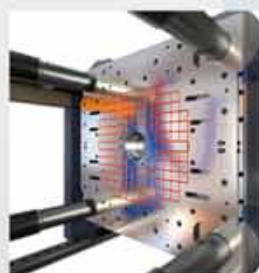

GREEFU provides innovative products and solutions in die clamping, die exchange, die handling, smart die library and other fields for industrial production, becomes the key for enterprise to improve the production efficiency, the optimization processing technology, strengthens the competitive advantage.

"Change mold with one key" makes intelligent unmanned factory become a reality.

WUXI CITY JIASHENG HIGH-TECH MODIFIED MATERIAL CO.,LTD 无锡市佳盛高新改性材料有限公司

The company is specialized in manufacturing 'Jiasheng' brand new type modifying agent of macromolecular material and Pams resin series product. The product of the enterprise can act as assistant, modifier, adhesive, agglomerant, viscosity increaser, reinforcing agent, plasticizing agent, anti-oxygen, disseminating agent, lubricant, high-effective fuel and heat carrier in extrusion forming and molding, applying specifically in fields such as the high flame-retarded color master batch with high-concentration and high filling, the plastic modification, the rubber and plastic shoe materials, the thermosplastic elastomer, the rubber material, the hot melt rubber, the paint and printing ink, the coating, the pigment and the precision casting, etc.

主要产品/MAIN PRODUCTS
